

Motto - Conserve and Preserve

Vision

To arouse general awareness among the students regarding the different environmental problems which are of major concern to the better future and survival of the mankind.

Mission

To inculcate love and respect among the college members for nature and thus work with a global perspective.

Objectives

- To motivating students to value the environment around.
- To make them aware about the grave situation of nature and means for its conservation.
- Organizing various eco-friendly activities.
- Conducting botanical excursions and plantation programmes.
- Organizing workshops and seminars on environment concern issue.

Activities

Shramdaan

Students were encouraged to spend some time in cleaning of college campus and surroundings to explain them the benefits of maintaining hygienic conditions. Composting bins are placed in the college campus etc.

Eco Fest

Nature club organizes the Eco Fest every year in which various competitions like Slogans writing, Posters making, Quiz, Bio-rangoli, Creating best out of e waste, Making Paper bag, Clay modeling are organized among students and staffs.

Science Day

Nature club celebrated National Science Day on 28 February every year. The Elocution, Quiz and Essay writing competitions are held for the students of UG classes.

Environmental Awareness Programs

The club organizes awareness program on the "Role of microbes and biotechnology in Swachh Bharat Abhiyan". The students prepared posters and slogans to spread awareness and did plantation in Ramesh More Park. The Nature club also organizes an awareness programme every year in the nearby Slum areas about the different environmental problems and its effects through slogans, posters and skits.

Disease Awareness Programs

The Club organizes Disease awareness programme every year on Hepatitis, AIDS, Typhoid and on water borne diseases like Malaria, Dengue, Cholera in nearby slum areas. The main objective is to create awareness about seasonal diseases and home remedies.

Bonsai Plantation Training Programs

The club organizes training programme on Bonsai. The Expert give practical demonstration and explained the techniques of how to develop bonsai plants to the students.

Plantation

Plantation in Arey colony is a regular practice of the Nature club under the supervision of our Principal with a motto of "Plant the trees, get the breeze".

Seasonal Ornamental Flower Bed

The seasonal flower seedlings are planted by the students members of the nature club in the college garden according to winter and rainy season acquainting them with the common flowering plants.

Newsletter

Nature club also publishes half yearly newsletter "VASHUNDHARA" which deals the topics related for conservation and recent researches.

Quiz Competition on Environment Safety

11.11.2022

Under the guidance of our Trustee sir Mr. Raj Kumar Mishra and our Principal Dr. Vandana Sinha, on November 11, 2022, the Nature Club Committee has organized a quiz competition. A quiz is a game or competition in which we test students' knowledge by asking questions. The theme of the quiz competition is environmental safety. The questions are related to environment safety, current affairs related to the environment, and simple general knowledge related to the environment. This is a group competition. In group1, there are 2 students. The first two rounds are played online via Google Quiz. And the third round was played as a buzzer round. There are two groups in the final round. A total of 19 groups (38 students) participated.

Event Details
