Mr. Rajkumar Mishra

President - Smt. Shyampatidevi Mishra Educational Trust

We insist on using the 'Quality Measure' as a yardstick to prepare students for the ever-increasing challenges of the competitive world. "It's no longer an issue of 'how to build something,' but rather 'what to build.'" We give our students the gift of education and ask them to contribute to society's growth since it is the key to overcome all obstacles.

Mrs. Shyampatidevi G. Mishra

Chairwoman - Smt. Shyampatidevi Mishra Educational Trust

The kids of today will be the leaders of tomorrow. We are firm believers in this and will continue to help students develop into self-sufficient and skilled citizens of the future. The importance of technology in education is tremendous, and its impact is growing. We have always worked to improve teacher-student communication and cooperation, online education resources, student critical thinking using modern classrooms and technology in our campus.
